SandWing Name Masterlist

outsmartingbasilisk18

I have worked to get as many SandWing names as I can think of to compile into a list to share with other people. These are free to use for OCs, stories, whatever you want. All these names are based on desert animals, plants, egyptian deities, real life deserts, and just words related to the desert and heat. All in all there is a grand total of around 218 names.

I will be posting this in chunks because of how many there are, and yes they are in alphabetical order, you're welcome
